Rose Kimondo

Data Analyst and Scientist

Analytical and detail-oriented Data Analyst and Scientist with a proven track record in data-driven problem-solving. Proficient in data cleaning, visualization, and statistical analysis, with a strong understanding of machine learning principles. Experienced in delivering robust research reports and developing predictive models. Adept at utilizing tools like Power BI, SQL, and Python to extract meaningful insights and support strategic decision-making. Seeking to leverage data to drive impactful solutions.

SKILLS

Machine Learning and ML Frameworks (Scikit-Learn, TensorFlow, and PyTorch)	Data Cleaning, Analysis, and Visualization	Jupyter Notebook	Python (Scikit-learn, Pandas, NumPy, Matplotlib, Seaborn)
PowerBI	Git and GitHub	SQL	NLP Models (Transformers and Frameworks)
Research Analysis	Jira, Kanban Boards, and Scrum	Deployment	Data Scraping
Microsoft Excel	AI Fundamentals	HTML, CSS, and JavaScript.	Software Development

WORK EXPERIENCE

Data Analyst
Freelance

01/2025 - Present

Achievements/Tasks

- Utilizing data analysis and visualization tools (Metabase and Power BI) and programming languages (Python) to effectively communicate findings to stakeholders.
- Cleaning, transforming, and preparing raw data using SQL and Excel, ensuring accuracy and readiness for advanced analysis.
- Collaborating with cross-functional teams to design experiments and evaluate outcomes, leveraging statistical knowledge to optimize workflows and increase eiciency.
- Applying statistical methods to analyze large datasets, identify trends, and provide actionable insights for business decision-making.

Research Analyst
Ask Wonder

03/2019 - 12/2024   *United States, Remote*
Research Company

Achievements/Tasks

- Provided professional answers to professional questions, enabling clients to make better decisions, craft stronger strategies, place smarter bets, and grow their businesses.
- Combined accuracy, rigour, and expertise as a human with the speed and horsepower of AI to answer business questions better and faster at every step.
- Provided robust, reliable, and fully verified research reports.

EDUCATION

Data Science
Moringa School

2024

Courses:

- SQL, Statistics and Data Fundamentals
- Data Analysis and Visualization
- Python and Machine Learning
- PowerBI and Tableau Dashboards

EDUCATION

Software Development Prep
Moringa School

2020   *Kenya*

Skills:
- HTML (Hyper Text Markup Language).
- CSS (Cascading Style Sheets).
- JavaScript.

Bachelor of Quantity Surveying
University of Nairobi

08/2014 - 08/2018   *Kenya*

Attained:
- Second Class Honours- Upper Division

CERTIFICATES

Data Literacy and Data Analysis in Excel

Certified Data Scientist

Python 101 for Data Science (Credential)

Certificate in Computer Programming and Web Design

Machine Learning With Python

SQL for Data Querying
